

Entering high school is always a challenging experience for anyone. The freshmen of 1974 entered it with high ideals, bright eyes, and high hopes. With enthusiasm, they participated in athletics, clubs, and many class activities. They gained recognition with active members on junior varsity and varsity football and basketball teams.

Hi Crystal,  
I don't know you too well, but what I do know I reckon I like. Well, I don't know what to say but stay sweet, and nice and cute and do good in everything you try. Friends always, I hope.  
Becky Brown

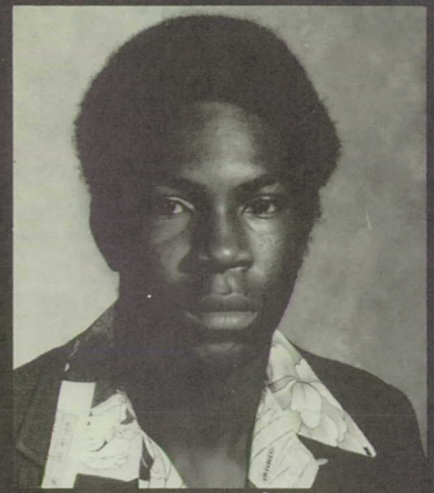

here comes the mighty Juniors.
