## **SOURCE DOCUMENT ADVISORY**

---

Digital images were created from printed source documents that, in many cases, were photocopies of original materials held elsewhere. The quality of these copies was often poor. Digital images reflect the poor quality of the source documents.

Where possible images have been manipulated to make them as readable as possible. In many cases such manipulation was not possible. Where available, the originals photocopied for publication have been digitized and have been added, separately, to this collection.

Searchable text generated from the digital images, subsequently, is also poor. The researcher is advised not to rely solely upon text-search in this collection.

## **RIGHTS & RESTRICTIONS**

---

Items collected here were originally published by the Florida National Guard, many as part of its SPECIAL ARCHIVES PUBLICATION series. Contact the Florida National Guard for additional information.

The Florida National Guard reserves all rights to content originating with the Guard.

## **DIGITIZATION**

---

Titles from the SPECIAL ARCHIVES PUBLICATION series were digitized by the University of Florida in recognition of those serving in Florida's National Guard, many of whom have given their lives in defense of the State and the Nation.
